

International DS Day – Be happy in the Comedy Theatre (Vígyszínház) 20.03.2011

Lots of fun beyond the stage

The Down Association (Down Egyesület) will organize the International Down Day in Budapest for the third time, in the Comedy Theatre (Vígyszínház)

Those who will visit the Comedy Theatre on this March Sunday will hardly be bored, since beyond the fascinating shows there will be a wide variety of supplementary programmes. There will be a playhouse, a Drawing contest (with Maszat-hegy as central theme), and, in addition, children can paint with contemporary painters (for example ef. Zámbo István and András Wahorn) or play with the clowns who will make balloon-figures. There will be face-painters and a craft workshop as well. Those who would like to help can buy "Help-cookies" from the segitsuti.hu. There will be a Down nanny chat room where parents with affected children can meet support group members, who also have DS children. On top of all these, the Down-shop will be open on the spot, and the performing guests' CDs and inscriptions will be available.
